

Army Contracting Agency, Southern Region Contracting Center - West

Overview Agenda

- ***Why WAWF Was Developed***
- ***Procurement Cycle & Prompt Payment***
- ***Presently - Contract Types Not Supported by CAPS-W***
- ***Advantages & Functionality***
- ***Accessing WAWF and User Roles***
- ***Document Scenarios***
- ***ACA Business Rules***
- ***Tools, POCs & Information Sources***
- ***Hands On Training***
- ***Acronyms***

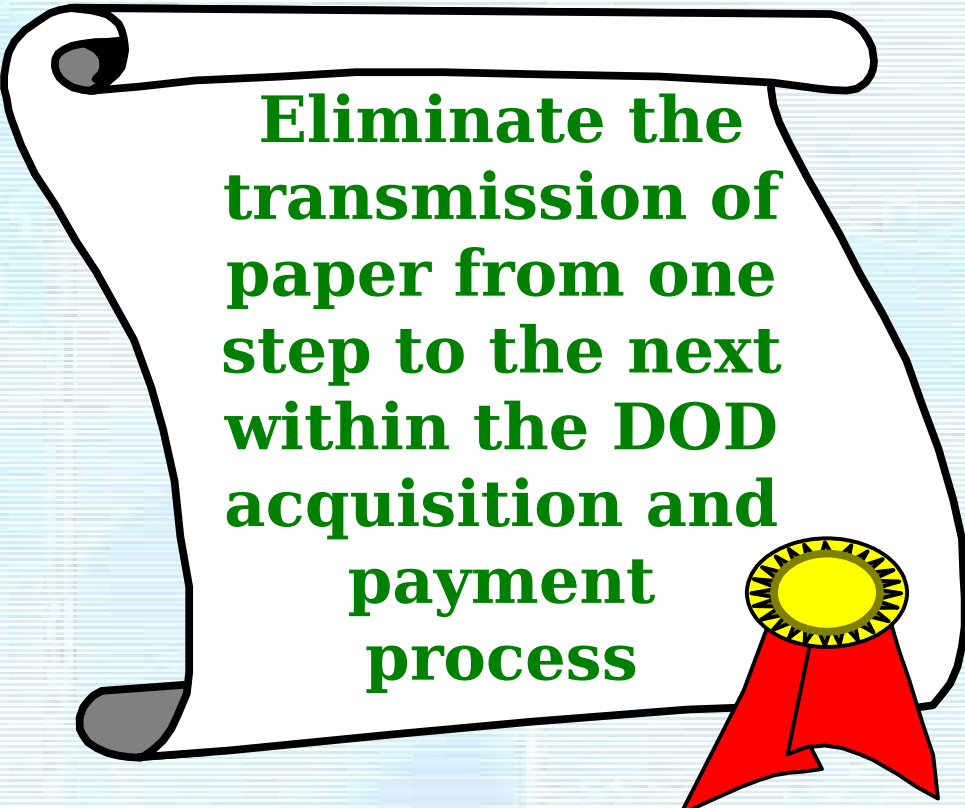

Why Was Wide Area Work Flow Developed?

● **Problem:** Acceptance & payment process is predominately supported by paper today (more labor intensive than electronic).

● **Solution:** *Reduce high interest penalties due to lost or misplaced receiving reports and the intense level of frustration felt by Merchants and Government users.*

● **Objective:** Create an electronic commerce environment using existing tools and systems to meet the Prompt Payment Act.

DoD Electronic Commerce Initiative

Eliminate the transmission of paper from one step to the next within the DOD acquisition and payment process

Prompt Payment Act

federal register

Wednesday
September 29, 1999

Part II

Office of Management and Budget

5 CFR Part 1315
Prompt Payment; Final Rule

1315.3 Responsibilities.

Each agency head is responsible for the following:

(a) *Issuing internal procedures.* Ensuring that internal procedures will include provisions for monitoring the causes of late payments and any interest penalties incurred, taking necessary corrective action, and handling inquiries.

(b) *Internal control systems.* Ensuring that effective internal control systems are established and maintained as required by OMB circular A-123, "Management Accountability and Control."

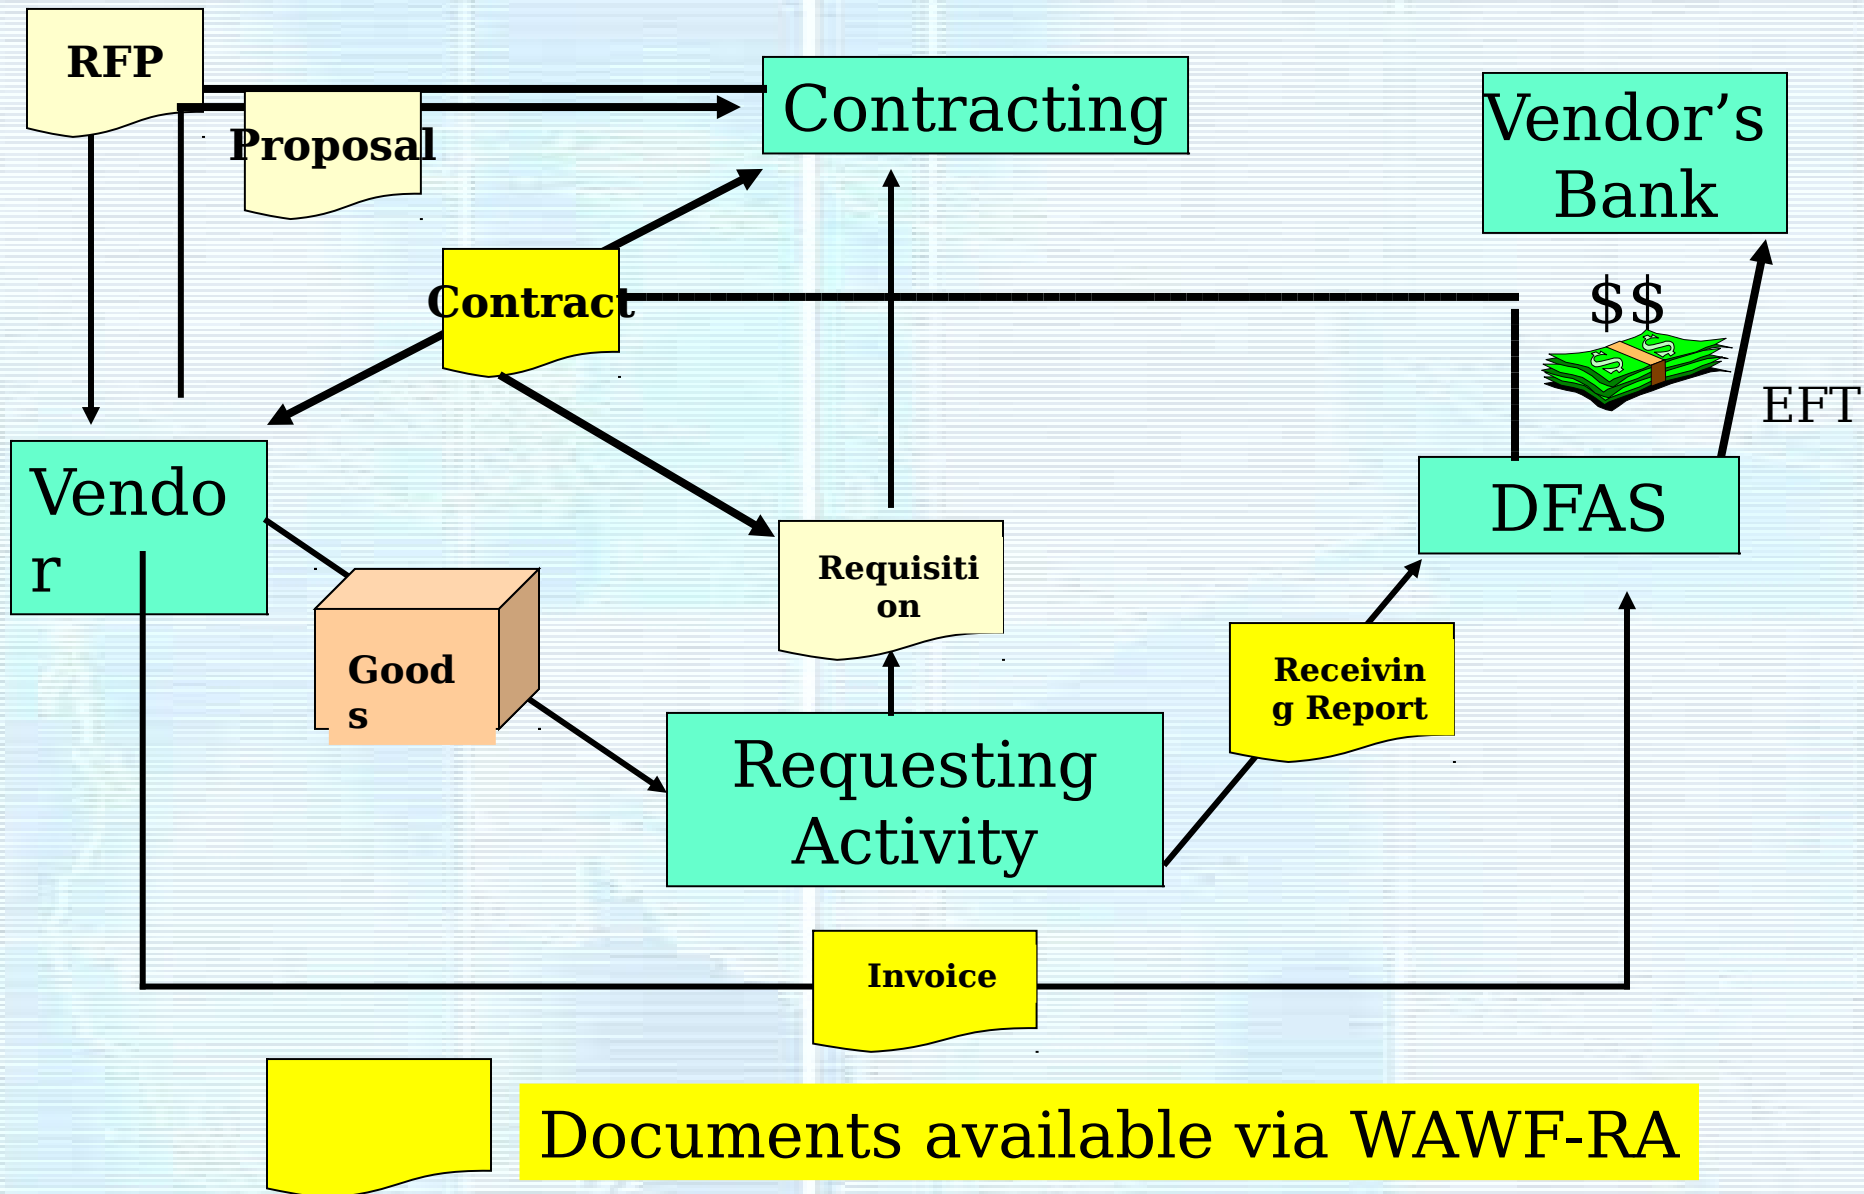

1315.4 Prompt payment standards and required notices to vendors.

(a) *Required documentation.* Agencies will maintain paper or electronic documentation as required in 1315.9.

(d) *Receipt of goods and services.* Agencies will ensure that receipt is properly recorded at the time of delivery of goods or completion of services.

(e) *Acceptance.* Agencies will ensure that acceptance is executed as promptly as possible. Commercial items and services should not be subject to extended acceptance periods. **Acceptance reports will be forwarded to the designated agency office by the fifth working day after acceptance.** Unless other arrangements are made, acceptance reports will be stamped or otherwise annotated with the receipt date in the designated agency office.

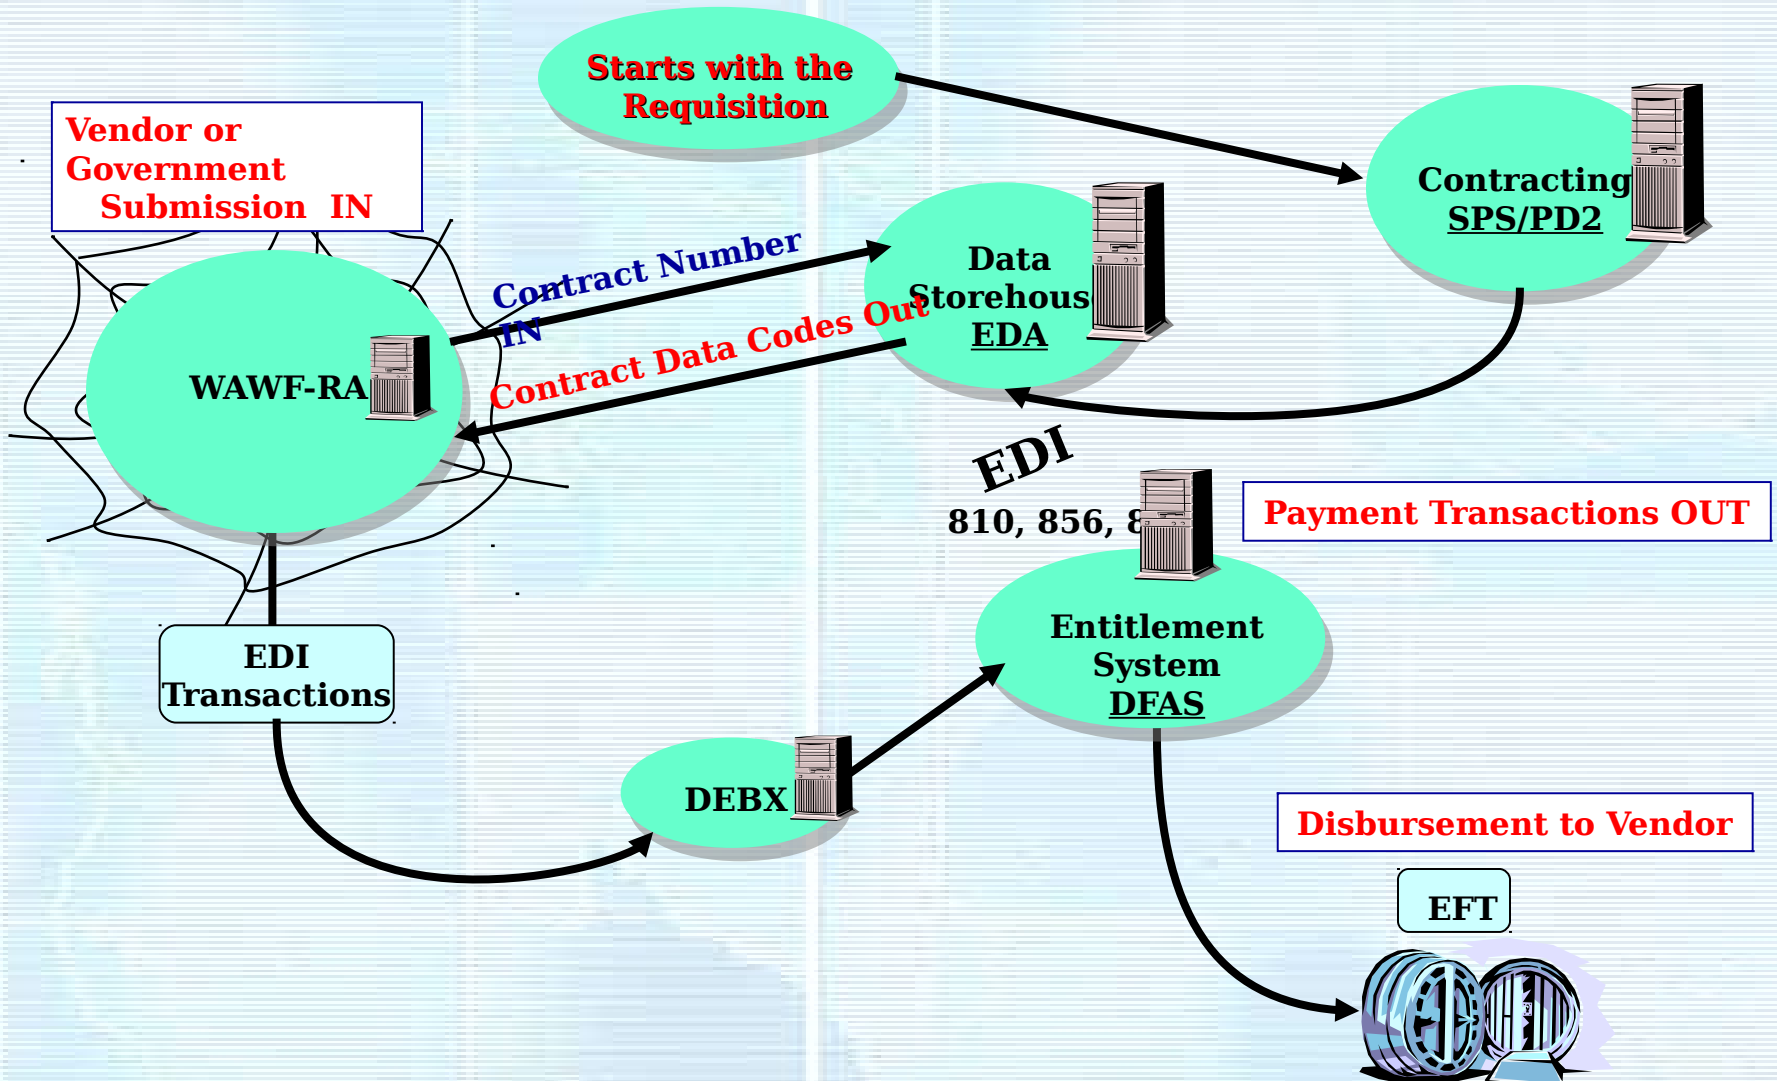

Procurement Cycle

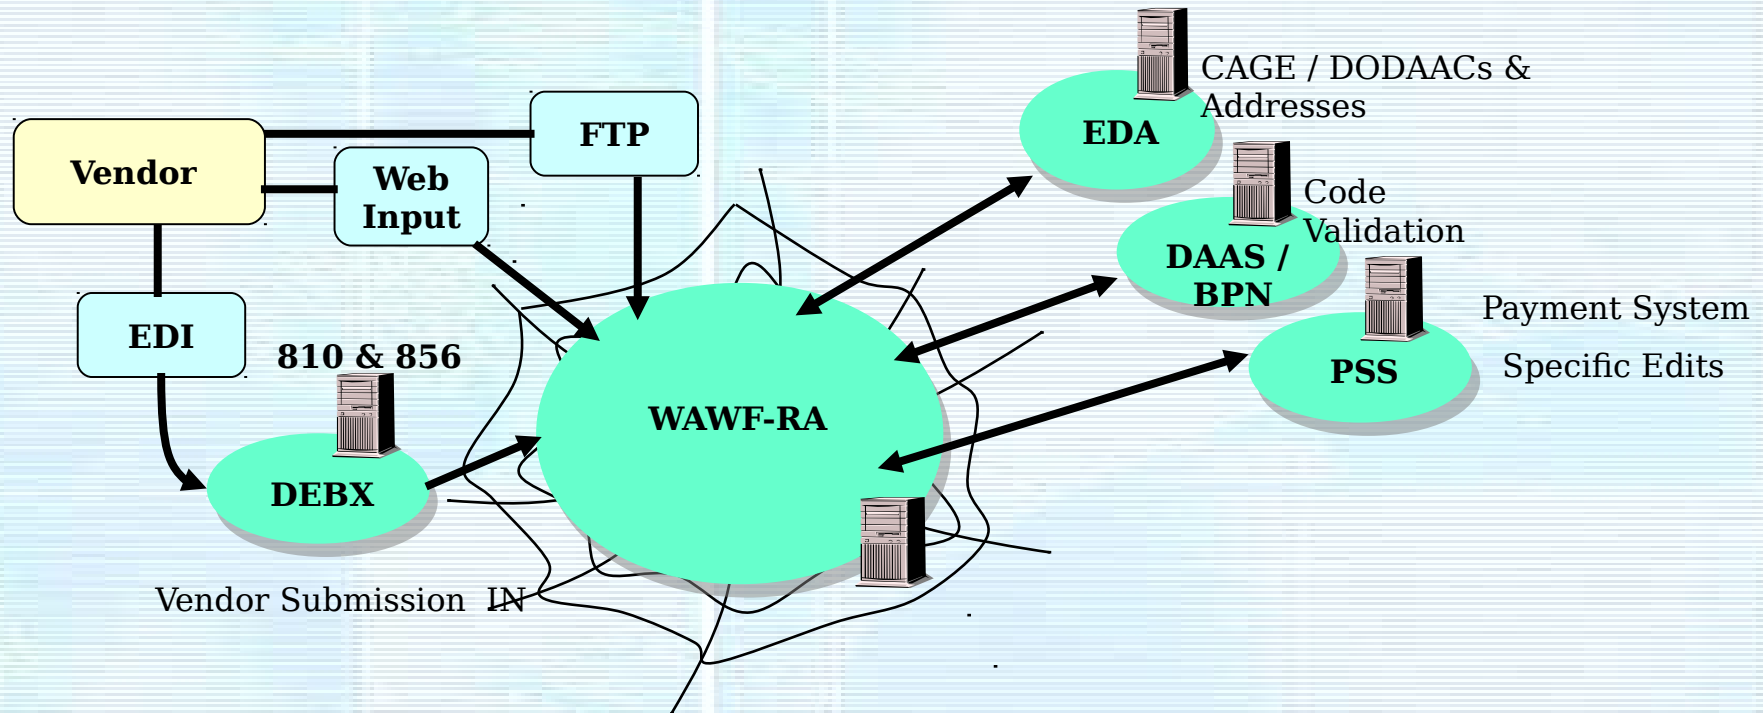

Contract Types Not Supported In CAPS-W

- ***QTY of 1 with U/I Lot or Group type contracts requiring partial payments***
- ***Contracts with withholdings***
- ***Negative amounts***
- ***Multiple ACRNs per CLIN/SLIN***
- ***Public vouchers except for MOCAS***
(being tested presently for all DOD entitlement systems)
- ***Construction contracts (currently under review for revision by the Armed Services)***
- ***Financing payments***

Advantages & Functionality

Advantages & Functionality

WAWF User Roles

Vendors

- **Submit Invoices and/or Receiving Reports.**
- **Check Status of Documents in History Folder.**
- **Correct & Resubmit Rejected Documents.**

Government Inspectors/Receivers

- **Create Receiving Report if Applicable.**
- **Check Inspection Block or Reject.**
- **Flow the document to the Acceptor for their approval.**

Government Acceptors

- **Can Perform Inspection/Acceptance in One Step.**
- **Digitally Sign Receiving Report for payment or Reject document back to the inspector and/or initiator.**

WAWF User Roles Cont.

Payment Officials (DFAS)

- **Review and Process Non-EDI Documents.**
- **Reject Documents.**

View Only

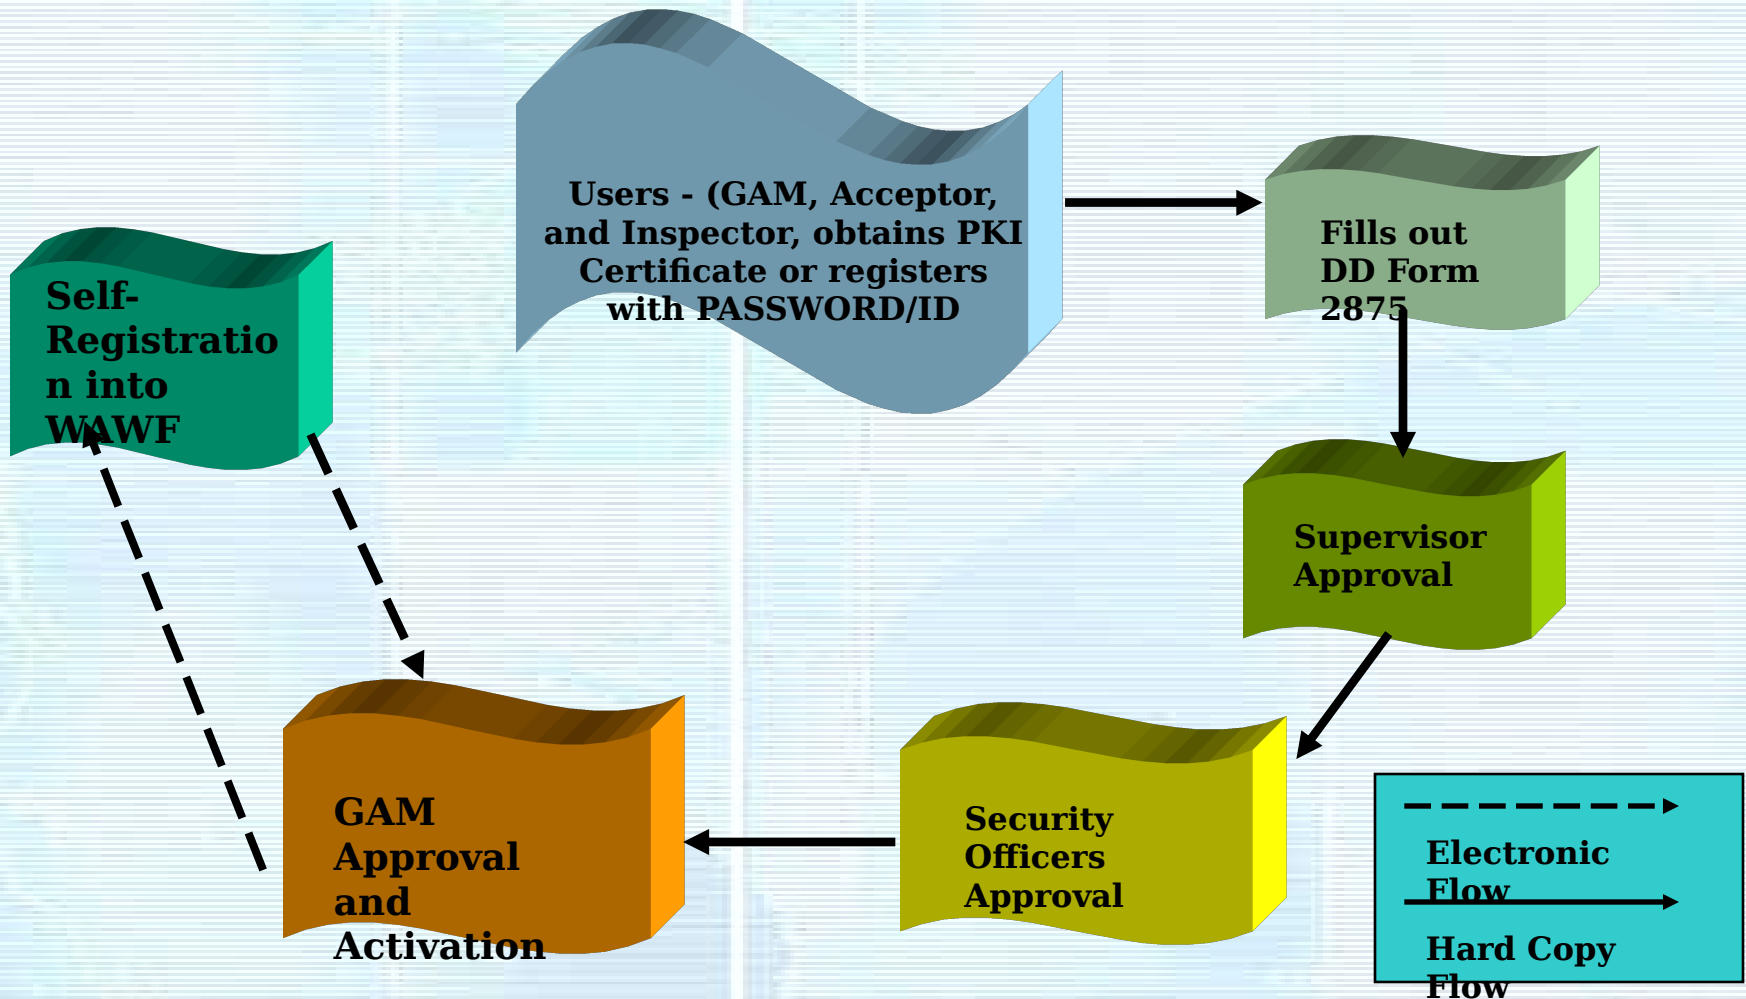

- **Supervisors and/or Contracting Officers Monitor Process.**

Auditors

- **View all Transactions.**

Accessing WAWF - Process Flow

DD Form 2875 & Self Registration:

Scenario: 2-n-1 Document

**Create 2-n-1
Document Using
WAWF-RA**

ACA Business Rules

- ***All Activities will operate at the basic DODAAC Only.***
 - ***NO EXTENSIONS WILL BE USED***
- ***No Invoice's over 30 days old in CAPS-W.***
 - ***Without a receiving report being submitted, dialogue with the Vendor for a POD, or to DFAS to back the invoice for non-receipt of goods. Services non-performance coordinate with your Contracting Officer then with DFAS.***
- ***Ensure the entire Inspection and Acceptance process is completed within 5 working days - unless contract denotes differently.***
- ***Do not receipt for an amount of zero on a CLIN/SLIN - leave off of the receiving report. Use the description block of the previous CLIN/SLIN if accepting a zero value item.***

ACA Business Rules

- ***Documents rejected back to an initiator must clearly state the reason(s) of rejection and how to correct.***
- ***No Right Faxing of any documents when you have the ability to use WAWF or have processed documents already within WAWF.***
- ***Activities assign a Primary and Alternate GAM and User***
 - ***Ensure there is coverage in the absence of the COR or responsible person.***
- ***2-N-1 document are the preferred document for the receipt of goods and services.***
- ***Daily go into WAWF to verify if documents have been submitted and requiring you to process.***

ACA Business Rules

- Document **statuses** must be managed within **WAWF folders** which require **actions** be taken by the User & oversight by the **GAM**:

“SUBMITTED” Status - In the Access Acceptance Folder -
(needs receive and acceptance performed on the document)

“ACCEPTED” Status - In the Access History Folder by User or DODAAC -
Documents are in error and have been unprocessed by DFAS -

1. Must recall and reject the receiving report back to yourself
2. GO to the - Access Rejected Receiving Report Folder -
3. Correct the rejected documents;
 - a. Under the title “RESUBMIT” correct CLIN/SLIN information
 - b. Under the title “CHANGE DODAAC” correct the DODAAC (s) used
 - c. To “Void” a document - Click on “Resubmit” then submit the document then go to the Access History Folder by DODAAC. Click on the Blue “V” to Void the document only if the Contract number, Delivery Order number, and/or selected site of receipt and acceptance is incorrect.

“SUSPENDED” Status - In the Access History Folder by DODAAC -
DFAS must release this document from this status. Either input into CAPS-W for payment or return the document to the Government or Vendor for correction. Follow-up on this document with DFAS if status is older than 5 days.

Tools - Custom Army Reporting System

The Custom Army Reporting System (CARS) is a management tool where data is extracted from CAPS-W that should be used by each Activity/Unit to monitor their contracts for invoices without a receiving report.

The reports columns are explained as follows:

FY, Fiscal Year as denoted in CAPS-W.

ASN, Allotment Serial Number specifies the Army unit and its allotment of funds.

Doc Number - (Document Number) or Document Reference Number DRN composed of DOD Activity Address Code, Julian date of request and the unit's document serial number.

APC/DPI, Accounting Processing Code - indicates requesting or receiving sections funds within the activity / **Data Processing Indicator** - denotes which data base the activities financial records reside upon.

Contract Number and Delivery Order Number as in CAPS-W.

Invoice Number, the contractors uniquely assigned invoice number that is recorded in CAPS-W.

RCVD, Received date of when the invoice was received at DFAS.

INVDAT, Invoice date is the date when the invoice was created by the Vendor.

CLIN, Contract Line Item Number - indicates from the contract what CLIN this invoice applies to that requires a receiving report.

AMT CLIN, Denote the dollar amount of the Contract Line Item Number for this invoice.

PROJ INT, Projected Interest that has accrued against the invoice.

AGE, indicates the age of the invoice by category that still requires a receiving report.

The CARS report at the MEDCOM Resource Mgt. website - <http://www.ampo.amedd.army.mil/New%20RM/index.html>, under Finance & Accounting.
